EDUCATION

Master of Science in Civic Analytics

May 2026

University of Illinois Chicago, Chicago, IL

- Chicago Consular Corps Grant (competitive research grant)
- Laurette Kirstein Scholarship (academic excellence & community engagement)

Bachelor of Arts in Theatre

Feb 2021

National Institute for Lifelong Education, South Korea

Associate of Fine Arts in Theatre

Feb 2019

Seoul Institute of The Arts, South Korea

SELECTED PROJECT

Organizational Capacity as a Policy Intervention Point: Financial Sustainability in U.S. Nonprofit Theater Organization

Independent Study, University of Illinois Chicago

- Authored independent academic paper analyzing panel data (N=1,655 org-years, 457 organizations) using two-way fixed effects regression in R to examine earned revenue predictors in U.S. nonprofit theater.
- Presented research at the Association of Arts Administration Educators (AAAE) 47th Annual Conference (May 2026).

When More Funding Is Not Enough: Revenue Concentration and Labor Investment in Nonprofit Performing Arts Organizations

Academic Paper, University of Illinois Chicago

- Analyzed how revenue concentration (HHI) affects labor investment in nonprofit performing arts organizations using fixed-effects panel regression on 4,131 org-year observations.
- Selected to present research at the Social Theory, Politics, and the Arts 50th Conference (October 2026).

SKILLS

Research & Analysis: R (panel regression, fixed effects), quantitative research design, in-depth interviews, Tableau, data collection, IRB compliance, Excel, Git/GitHub

Project Management & Communication: Multi-stakeholder coordination, concurrent workstream management, policy briefs, data visualization, Microsoft Office, Google Workspace

Languages: Korean (Native), English (Fluent)

WORK EXPERIENCE

Graduate Research Assistant

Aug 2025 – May 2026

Office of Social Science Research (OSSR), University of Illinois Chicago

- Planned and executed 6 cultural and educational events for Pacific Islander students under the U.S. Department of Education-funded AANAPISI Initiative, facilitating biweekly meetings and follow-ups to ensure program continuity.
- Developed and managed outreach communications through social media (Instagram launch, 62 followers), monthly newsletter (350+ subscribers), and promotional materials including flyers.
- Coordinated with external universities and Pacific Islander community organizations in the Chicago area to support partnerships and co-plan joint cultural events.

Research Assistant

Jan 2025 – Aug 2025

College of Engineering, University of Illinois Chicago

- Contributed to a NIOSH-funded occupational health research project, ensuring compliance with IRB protocols for human subjects research and data collection.
- Recruited and coordinated 15 Korean American home care workers, achieving over 90% participant retention through culturally responsive bilingual (Korean/English) communication.
- Managed mixed-methods data collection integrating longitudinal biometric and survey data across multiple time points, ensuring data consistency, quality assurance, and research integrity.

Researcher & Project Manager

Jun 2021 – Dec 2022

Korea National University of Arts

- Conducted in-depth interviews with 6 theatre organizations to evaluate the feasibility of a shared storage facility, synthesizing findings into a 141-page policy report that informed infrastructure decisions by the Seoul Metropolitan Government.
- Advanced to Project Manager role, overseeing a \$1M city-funded sustainability initiative in collaboration with municipal offices, university partners, and 5+ arts organizations.
- Integrated research findings into program design while managing timelines and stakeholder communication.
